Tuan Le - A Visionary Leader for Table Tennis in the US

Dear Esteemed Members of the USATT,

As a dedicated family practitioner with over 20 years of experience, I have had the privilege of building a successful medical practice that reflects my commitment to service, resilience, and community. My love for table tennis has been just as enduring. For the past decade, I have channeled that passion into OCTTA, a thriving table tennis club in Southern California. It's a place that serves as both a competitive arena and a welcoming environment for enthusiasts of all ages and skill levels.

For more than 40 years, I've been both a player and a competitor, engaging with the sport at both national and international levels. This firsthand experience gives me unique insight into the needs of players within our USA Table Tennis (USATT) community. I understand the importance of fostering growth—not just among junior players but also by promoting the health benefits and joy of table tennis for seniors. Expanding membership at all levels is critical to the future of our sport, and I am committed to making that vision a reality.

Over the past year, I've had the privilege of serving as a member of the USATT Board, where I've witnessed the passion, dedication, and creativity of our team. Together, we have been working toward a shared goal: to make USATT one of the best-organized racket sport associations in the United States. I am inspired by our progress, and I am eager to contribute further by bringing fresh ideas and perspectives to the table.

If elected, I will bring the same energy, commitment, and openness to this position that I bring to my medical practice and to OCTTA. My experience as a club owner has taught me the value of community collaboration. OCTTA is the only private club to offer its facilities free of charge to organizations like the NCTTA (National Collegiate Table Tennis Association), Meiklejohn North American Senior Open, Long Beach TTC, and MLTT. This spirit of giving back is at the core of my approach.

As a Board member, I will actively support all organizations and initiatives that share our goal of promoting table tennis across the nation. I am here to listen, collaborate, and champion the voices and needs of every player and member in our community.

Thank you for considering me, Dr. Tuan Le, for the USATT Board of Directors. Together, let's continue building a vibrant future for table tennis in the United States.

Warm regards,

Tuan Le
